

X10 Attachments

An open modular platform.

Skydio X10's modular design allows you to quickly attach mission-specific accessories, expanding its capabilities on the fly. Whether you need to enhance communication using the Speaker attachment, illuminate dark environments with the Spotlight, ensure safety with the Parachute Recovery System, or achieve centimeter-level precision with the RTK/PPK GPS attachment, X10's adaptability empowers you to tailor your drone for any mission.

*All attachments sold separately.

Spotlight

Provides enough illumination to identify a person hundreds of feet away in low/no light environments.

Weight: 115g

Speaker

Communicate and coordinate in high-risk situations.

Weight: 100g

Skydio NightSense

Autonomously fly missions in total darkness using visible or infrared illumination.

Weight: 57g

Parachute

Designed to meet requirements for safe flying over people

Weight: 230g

RTK/PPK GPS

Secure centimeter-level navigation accuracy by receiving correction data from a base station.

Weight: 51g
